#### **Southern Natural Gas Company LLC; Notice of Request under Blanket**

#### **Authorization and Establishing Intervention and Protest Deadline**

Take notice that on December 22, 2021, Southern Natural Gas Company LLC (SNG) filed a prior notice request for authorization, in accordance with 18 CFR §§ 157.208 and 157.210 of the Federal Energy Regulatory Commission's (Commission) regulations under the Natural Gas Act and SNG's blanket certificate issued in Docket No. CP82-406-000 to: (1) construct approximately 2.2 miles of 8-inch-diameter pipeline (Cordova Connector Line) in Walker County, Alabama; (2) modify existing facilities along the SNG system in Walker, Morgan, Calhoun, Jefferson, and Tuscaloosa counties, Alabama; and (3) re-wheel the existing Compressor Unit #1 at SNG's Providence Compressor Station in Tuscaloosa County, Alabama (North System 2022 Project or Project). The proposed project will provide 25,000 dekatherms per day of new firm transportation capacity to Spire at an existing delivery point in zone 2 on SNG's system from an existing interconnection with BBT AlaTenn, LLC. SNG states that the project will increase the efficiency of SNG's system and provide additional capacity without the need for installation of additional compression and estimates that the cost of the project will be about \$15 million, all as more fully set forth in the application which is on file with the Commission and open for public inspection.

EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

## **PUBLIC PARTICIPATION**

There are three ways to become involved in the Commission's review of this project: you can file a protest to the project, you can file a motion to intervene in the proceeding, and you can file comments on the project. There is no fee or cost for filing protests, motions to intervene, or comments. The deadline for filing protests, motions to intervene, and comments is 5:00 p.m. Eastern Time on **March 4, 2022**. How to file protests, motions to intervene, and comments is explained below.

### **Protests**

Pursuant to section 157.205 of the Commission's regulations under the NGA,<sup>2</sup> any person<sup>3</sup> or the Commission's staff may file a protest to the request. If no protest is filed within the time allowed or if a protest is filed and then withdrawn within 30 days after the allowed time for filing a protest, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request for authorization will be considered by the Commission.

<sup>3</sup> Persons include individuals, organizations, businesses, municipalities, and other entities. 18 CFR 385.102(d).

Protests must comply with the requirements specified in section 157.205(e) of the Commission's regulations,<sup>4</sup> and must be submitted by the protest deadline, which is **March 4, 2022**. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

### **Interventions**

Any person has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure<sup>5</sup> and the regulations under the NGA<sup>6</sup> by the intervention deadline for the project, which is **March 4, 2022**. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to/intervene.asp>.

All timely, unopposed motions to intervene are automatically granted by operation of Rule 214(c)(1). Motions to intervene that are filed after the intervention deadline are untimely and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

### **Comments**

Any person wishing to comment on the project may do so. The Commission considers all comments received about the project in determining the appropriate action to be taken. To ensure that your comments are timely and properly recorded, please submit your comments on or before **March 4, 2022**. **The filing of a comment alone will not serve to make the filer a party to the proceeding.** To become a party, you must intervene in the proceeding.
